

# CHAIN & BAR

## HIGH TAC FORMULA

TruSouth Chain & Bar Oil is specially formulated to provide maximum lubrication of chain saw bars and chains.

TruSouth Chain & Bar contains highly refined oils for proper lubrication and protects moving parts and metal alloys. The concentrated tackiness additive helps to keep the oil on the chain even at high cutting speeds.

TruSouth Chain & Bar is available in two viscosity grades for seasonal changes:

- TruSouth Chain & Bar Summer Grade (30 weight)
- TruSouth Chain & Bar Winter Grade (20 weight)

<b>TYPICAL PROPERTIES</b>	SAE 30 Summer Grade	SAE 20 Winter Grade
TEST		
Viscosity, cSt @40C	133.2	50
Viscosity, cSt @100C	11.5	7.5
VI	60	100
API Gravity @60F	23.5	25.2
Pour, C(F)	-36 (-33)	-45 (-49)
Color	3.0	L2.5

### Order Numbers

Available In	SAE 30 Summer Grade	SAE 20 Winter Grade
6/1 gallon	0125208	0126508
55 gallon drums	0125211	0126511
BULK	0125200	0126500
