

# TRUSYN PREMIUM FULL SYNTHETIC

## MOTOR OILS

TruSyn Premium Full Synthetic Motor Oils provide superb performance for today's gasoline powered cars, light trucks and vans. TruSyn Premium Full Synthetic Motor Oils are specially formulated to reduce fuel consumption, promote clean engines and extend engine life.

TruSyn Premium Full Synthetic Motor Oils use an Advanced Detergent Additive System blended with high quality group III (synthetic) base oils to deliver the following benefits:

### BENEFITS:

- Excellent control of sludge and deposits that form during high temperature engine operation.
- Outstanding wear protection and extended engine life
- Increased fuel economy in new and old vehicles
- Less engine wear in extreme low temperature climates
- Reduced oil thickening at high temperatures
- Less viscosity breakdown in severe environments
- Excellent protection of critical turbo components

### INDUSTRY SPECIFICATIONS:

- API SN (0W-20, 5W-20, 5W-30 & 10W-30)
- ILSAC GF-5 (0W-20, 5W-20, 5W-30 & 10W-30)
- Meets API SM, SL, and SJ
